DESCRIPTION

With the **USD MSCI Emerging Markets Bonus&Growth** certificate investors participate without any yield limitation at 100% in the positive performance of the underlying MSCI Emerging Markets index at the end of the term. Provided the barrier of 54% of the index` starting value was never touched our undercut during the observation period, the certificate will be redeemed at the minimum level of 100% of the nominal value. In the event of a barrier violation investors are exposed to full market risk; this means a substantial capital loss is possible. Details on the index can be found on the website of the index provider MSCI by selecting the respective index in the dropdown menu.
